Press release 28th April 2023

Mustard Underwriting Launches in Australia

Mustard Underwriting Pty Ltd ("Mustard") is today pleased to announce its upcoming launch as a new specialist MGA, focused on servicing client solutions for companies in the sharing economy.

Under the new agreement and in partnership with Apollo ibott 1971 syndicate, Mustard Underwriting will have the ability to underwrite within the following economies...

Ridesharing
Autonomous Vehicles
On-Demand Delivery
Micro-Mobility
Accommodation Sharing
Vehicle Leasing
Service Sharing

Chris Moore, Head of Apollo ibott 1971 said:

"Our passion is enabling our clients' ambitions through innovative and creative insurance solutions. We are excited to be launching this new partnership with the team at Mustard Underwriting. Our shared values and expertise make Mustard an excellent local partner for Apollo ibott 1971 to bring our market leading products to Australia, as we continue creating a more resilient and sustainable world, through collaborating with experts."

Stuart Byars, Jon Calverley and John Robertson, Co-Founders of Mustard Underwriting echo this sentiment and have a collective ambition as stated:

"We want to be known as the go-to market for businesses in the Sharing Economy and digital marketplace, we believe we can offer relevant, tailored solution, backed by best in market service. We are excited to be partnering with Apollo 1971, one of Lloyd's best performing syndicates and recognised globally within the sharing economy space as a true market leader."

About Mustard

Mustard Underwriting is unique & offers something new to the market in 2023.
The uniqueness comes from our very own REF model
We believe our refreshing approach to customer engagement will drive better outcomes for all.
